

ANTISTATIC WEIGHING TRAYS

GENERAL INFORMATION

- Material: Shockproof polystyrene.
- Designed to provide a comfortable means with which to easily perform precision weighings.
- They offer the following advantages:
 - They are not polluting.
 - They easily adopt the funnel shape.
 - The DS model is available in black and white to ensure exceptional contrast depending on the color of the sample to be weighed.
 - Very reproducible tare weight: variation less than 5%.
- Antistatic.

TECHNICAL SPECIFICATIONS

Reference	Mod.	Capacity (ml)	Color	Dim. (mm)	Weight (g)	Unit/box
K-11100/03	DS (rhomboid shape)	5	White	31 x 53 x 5,3	0,30	1000
K-11101/03	DS (rhomboid shape)	30	White	56 x 85 x 14,5	1,00	500
K-11101/09	DS (rhomboid shape)	30	Black	56 x 85 x 14,5	1,00	500
K-11102/03	DS (rhomboid shape)	100	White	96 x 134,5 x 18,5	2,90	250
K-11104	SQ (square shape)	100	White	78,5 x 78,5 x 23	2,30	1000
