

CYLINDRICAL TANK

GENERAL INFORMATION

- Cylindrical tank.
- High chemical and mechanical resistance.
- Manufactured in high density linear polyethylene, ultraviolet additive and Food Quality certification.
- Total mouth.
- Numbered Engraving.
- Rest cap.
- Rotomolded in monobloc, without joints or corners, in translucent polyethylene.
- Chemical compatibility table available.
- Designed for water treatment, agitation, dosing and liquid storage.

TECHNICAL SPECIFICATIONS

Reference	Capacity (L)	Height (mm)	Opening diameter (mm)	Diameter (mm)	Material	Closing
RC-100	100	71	46	50	Linear polyethylene	Screw
RC-300	300	91	69	75	Linear polyethylene	Screw
RC-600	600	130	80	90	Linear polyethylene	Screw
RC-800	800	105	105	110	Linear polyethylene	Screw
